14		Preston Docks		/1884-92	(b,c)

¶ The Executors of T. A. Walker had 173 locos on the M.S.C. Contract (13) in 11/1890. In this year, the Canal Company took over the works, and in /1892 let parts to Topham Jones & Railton, John Jackson and to C. J. Wills. A large number of locos were sold from the various contracts for the canal during the period /1892-95. Walker was probably the largest user of contract locomotives in this country.
